

EU Declaration of Conformity **REACH**

Dated: 06 October 2023

Products manufactured by CRANE Instrumentation & Sampling PFT Corp. including GYROLOK® Tube & Pipe Fittings, Hoke Valves and Cylinders, GO Regulators and CT76 at 405 Centura Court, Spartanburg, South Carolina 29303, USA are in compliance with **REGULATION (EC) No 1907/2006 OF THE EUROPEAN PARLIAMENT AND OF THE COUNCIL of 18 December 2006 concerning the Registration, Evaluation, Authorisation, and Restriction of Chemicals (REACH)**.

Product families as noted above, manufactured at CRANE Instrumentation & Sampling do not contain the substances listed in the following sections of this directive with noted exception:

- CRANE Instrumentation and Sampling products do not contain any of the Substances of Very High Concern (SVHC) as defined in Article 57 and Annex XIV, with exception to brass products or components which may contain up to 4% lead by weight. A complete list of the **235** substances on the Candidate List can be found at the following web address:
<http://echa.europa.eu/web/guest/candidate-list-table>.
- CRANE Instrumentation and Sampling products do not contain any of the substances as described in Article 67 and Annex XVII, with exception to brass products or components which may contain up to 4% lead by weight.

Lead is an alloying element in free-cutting brass. Free-cutting brass is used in the manufacture of brass GYROLOK® Tube Fittings, Pipe Fittings, Hoke Valves and some GO Regulator components. While the alloyed brass does exceed .1% of lead content by weight, our products are not typically used in consumer products and pose no hazard when used as intended. Therefore, no special instructions for safe use or handling are required.

Please contact CRANE Instrumentation & Sampling Customer Service should any questions arise regarding this Declaration of Conformity.

Sincerely,

Kent Jackson
Director of Engineering and Product Management
